WORLD JUDO DAY

World Judo Day is always celebrated on 28th October because it is Professor Jigoro Kano's birthday. However, KRJJ Judo Club celebrated on Monday 1st November — on our normal training day.

The theme for this year was **SOLIDARITY**—respecting and displaying our values in Judo of being a friend to all, helping those who are in need and recognizing the fact that some people are not in a good place and deserve our assistance. Thank you to all of those who participated in our theme and who brought in boxes and bags of unwanted good clothes, toys, books etc. Sempai Margaret King was overwhelmed with your generosity and happily accepted the boxes for the charity organisation, *Broken to Brilliant* who assists those who are going through or who have survived a domestic violence situation. The organisation has just opened its second Op Shop in Brisbane City, and the other is at Geebung. They also conduct courses to help build self esteem, and give information, and they have three books already authored citing real stories of the survivors and how they have now become brilliant contributing members of the community. Thank you to our members!

We also celebrated Halloween on the same night, and decorated the hall with spiders, ghouls, zombies, cobwebs. Thank you to all who brought in scary things to make it a fun night with Frankenstein falls, Horror handshakes, Zombie rolls etc. Thank you to those who helped decorate.

KRJJ Judo Club also undertook the purchase of pink belts for Breast Cancer Awareness Month of October and its members took part in this initiative too. We really thank the members of KRJJ for always being unified and supporting the schemes we enter into. Pink belts can be worn for the rest of this year, if you wish, except on grading night where our proper rank belts need to be worn. Thank you again!
