WELCOME BACK FOR A GOOD TERM

CONGRATULATIONS TO NEW BROWN BELTS

Congratulations to James Bonnyman, 15yrs of age, who attained his senior brown belt through the competition. James has been with KRJJ since early 2010 and has risen through brown belt in the sub-junior ranks and brown belt with black tip in the junior ranks to his new senior rank. He is dedicated and a perfectionist with his techniques and has been identified as a future Dan rank and is a member of the Black Belt Club. James also competed so well in the competition he won the Overall Divisional Champion for his division. Well done James!

Congratulations to Ethan Hayes, 13yrs of age, who was promoted to junior brown belt through good demonstration of his required kata and for fighting spirit in the competition. He won the fastest winner for the grappling section in just 6 seconds. Ethan has been an exponent of Kyushin Ryu School of Jujitsu since January 2011. Well done to Ethan who attended different dojos to practise his kata until it was correct!

Ethan Hayes
Junior Brown belt

Andrew Hammer
Senior Brown Belt, black tip

James Bonnyman
Senior Brown belt

THINGS YOU SHOULD KNOW

- ◆ The Kyushin Ryu School of Jujitsu is an incorporated sporting body, registered in the State of Queensland, under the name "Kyushin Ryu School of Jujitsu Inc."
- ◆ The school has a constitution, known as Association Rules, and Bylaws adopted by the management committee from time to time to ensure good governance of the school, its members and relevant activities.
- ◆ The school has been engaged by local PCYCs to conduct Jujitsu and/or Judo classes at Pine Rivers, Sandgate and Zillmere. A Head Coach and a Senior Coach have been appointed at each branch to address the needs of each dojo. They are assisted by other accredited sensei and appropriately trained sempai.
- ◆ The school has a management committee, elected each year, which consists of 14 active and dedicated members who meet approximately every 2-3 months. Every dojo has 4 representatives on that committee.
- ◆ The school is a not-for-profit organisation, and all monies raised through various fund-raising activities are deposited into a Westpac bank account to cover expenses incurred by its members from time to time. This account is audited regularly.
- ◆ The cost of membership of our school has been kept to an absolute minimum (\$5 per person, or \$20 per family) and is collected at the commencement of each year to comply with contractual requirements for services provided by the school to its members (tuition, grading promotions, competitions etc).
- ◆ Insurance cover for Accident Insurance is provided via the PCYC. However, Professional Indemnity Insurance (to cover the coaches and committee) plus Public Liability Insurance (to cover coaches, members, spectators and fund-raising ventures) is sourced and paid for by the school.
- ◆ All coaches, sempai, management committee members and helpers are volunteers, and do not receive any payment for their time-consuming input on the mat, at the dojos, or at any of our competitions and/or fund-raising ventures.
- ◆ All coaches are appropriately accredited by the Australian Jujitsu Federation Inc under the National Coaching Accreditation Scheme, administered by the Australian Sports Commission.
- ◆ The ranks held by the various coaches are subject to recognition by the Australian government recognised Australian Jujitsu Federation Inc.
- ◆ A Black Belt Club consisting of all black belt holders and senior students considered to have the potential of achieving black belt level in the near future, trains once a month at a special class led by our Head of School (Shihan) where advanced techniques are taught and practised under his watchful eye.
- ◆ All sempai are appropriately trained during a 5 hour course held in March each year, and receive ongoing training so they may rise through the sempai ranks to various levels of expertise. Their respective levels are denoted by coloured stripes on the end of the sempai belt.
- ◆ Costs of gradings are kept to an absolute minimum, and cover the costs of certificate paper, laminating pouches, ink, computer, printer and laminator.
- ◆ The martial art taught within each dojo retains the original concepts relating to technique, respect and attitude passed on through our Head of School (Shihan), and adhered to by each sensei during class content and regular grading examinations, so these techniques may be passed on to future generations.
- ◆ Uniforms (gi) and club badge required to be worn during classes may be obtained through the school at a minimal cost. This is a service to the members, but may be obtained from an external source, at the discretion of the member.
- ◆ Likewise, new belts required by the members after each promotion are provided as a service at a minimal cost, which is priced below the market value of local sports stores.
- ◆ Assistance or support in our activities from parents and senior members is highly encouraged, as are expressions of appreciation of the many hours of voluntary input from our sensei, sempai, committee members and various helpers.

SOUTH EAST SELF DEFENCE TRIP PHOTOS BY GREG ELKENHANS PHOTOGRAPHY

Thank you to Sempai Margaret King
for organising the day!

Thank you to Sensei Allan
Waddell for the day!
